Skalierbarkeit

“A brand’s image has a more specific influence on the customers’ perceptions of product and service quality while the company’s reputation has a broader influence on perceptions of customer value and customer loyalty.” [1]

A black Rubik's cube is shown from a three-quarter perspective, slightly angled towards the viewer. The cube is composed of 27 smaller cubes. Overlaid on the center of the front face is the text "Die „Pain Points“" in a large, white, sans-serif font.

Die „Pain Points“

Probleme der User

A black and white photograph of a person from the side, wearing a dark jacket. They are holding a smartphone in their right hand, which is held up towards the camera. The screen of the phone displays a grid of small images, possibly a photo gallery or a social media feed. The background is dark and out of focus, with numerous small, bright, circular lights that create a bokeh effect.

Probleme der Unternehmen

A black and white photograph capturing a dense cluster of skyscrapers against a dramatic sky filled with scattered clouds. The perspective is from a low angle, looking up at the towering buildings, which have various architectural styles and patterns on their facades. The overall mood is one of urban complexity and architectural grandeur.

Was brauchen wir?

A black and white photograph of a zebra standing in a field. The zebra is facing towards the right of the frame, its body angled slightly. It has the characteristic black and white stripes. The background consists of a cloudy, overcast sky. In the foreground, there are some dark, silhouetted plants at the bottom edge.
